WHO WE ARE

We are a dedicated association empowering young anglophone African professionals in Europe. Through mentorship, networking, and collaboration, we bridge the gap between emerging talent and diversity-driven companies.

Our **mission** is to create a supportive community that fosters professional growth, inclusivity, and meaningful connections, inspiring each member to achieve their career aspirations.

OUR STORY

Having lived and worked in France for over five years, we understand the complexities of transitioning into a new linguistic and cultural professional landscape.

We quickly noticed that we were facing the same challenges in our professional journeys : integration, finding professional opportunities, advocating for better remuneration etc.

We aim to harness our diverse experiences and synthesise them into a supportive framework for young African professionals.

Empowerment

We focus on equipping members with the skills, knowledge, and resources necessary to advance their careers. This value highlights the importance of mentorship, training, and support in fostering individual and collective growth.

Cultural Synergy

GACC celebrates the fusion of African and global cultures, recognizing the unique perspectives and strengths that arise from this intersection. We champion the idea that embracing cultural diversity enhances professional and personal growth.

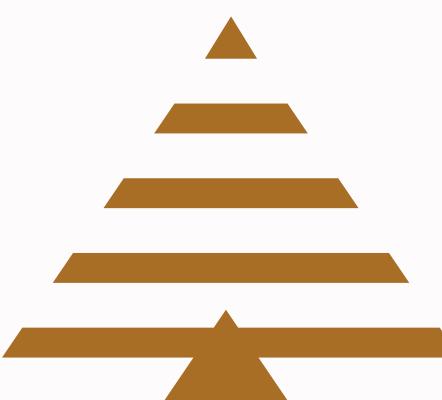

Collaboration

We encourage a spirit of cooperation and networking among members to foster mutual success. We recognize that collective efforts lead to greater opportunities and achievements.

Global Connectivity

We recognize the importance of a global perspective in professional development. We encourage our members to leverage their unique backgrounds and experiences to engage with global networks, creating opportunities that extend beyond local boundaries.

Sustainable Development

GACC aligns with the UN Sustainable Development Goals (SDGs). We specifically champion:

We purpose to promote decent work conditions (SDG 8) by connecting members to diverse career opportunities,

We aim to reduce inequalities (SDG 10) by advocating for workplace inclusion and equal access

We work to foster global collaboration (SDG 17) through partnerships with diversity-driven companies and institutions.

GACC Networking Event

GACC welcomes you to the **monthly** networking events held in Paris and soon in cities across Europe! For a small attendance fee, attendees can look forward to:

Cocktail hour

Tasty bites will be made available at every networking event

Speed networking

Quick-fire sessions for like-minded young professionals to form meaningful contacts

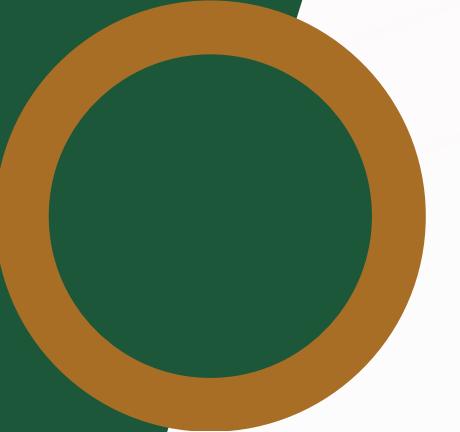

Mentorship opportunities

Get matched with a mentor to take their career to the next level.

Guest speakers

Learn from the movers and shakers across different industries.

THANK YOU
